A healthy approach to skin care: SEAGATE Smooth Skin is a therapeutic skin ointment rich in Omega 3 fatty acids blended with extra virgin olive oil, coconut oil, natural vitamin E and vanilla oil.

Free radical damage and sun damage are primary causes of degenerative disease and wrinkling of the skin. Seagate experts in marine oils, organic farming, and natural foods processing bring you this healthy new approach to skin care, repair, and protection. Smooth Skin is loaded with natural antioxidants and antimicrobials to promote healing. Your skin is the largest and one of the most important organs of the body. It is your first defense against disease and attack by environmental agents. It is also a reflection of your body's health and its age.

Give your skin back the soft texture and beautiful glow that you had during your youth, when makeup was an option rather than a necessity. Allow your skin to feel like it had been pampered for a week in a very expensive spa. Nourish your skin, moisturize it, and rejuvenate it with natural antioxidants and omega 3 fatty acids that will help to protect it and keep you looking younger and healthier. Gain the confidence to show off your healthy and beautiful skin that will result from regularly using this new Seagate product.

Seagate News:

Price Reduction: - Carrot & Garlic 100 and 300 caps are half price due to efficiencies on the farm and in processing

New Product Development - Seagate is experimenting with a mixture of our Fish Fertilizer and Seaweed to create a fertilizer in a tablet form. This will make it easier to apply to house plants and the small plants in your garden.
